### LHFA Updates Website Information and adds a Spanish Link

Baton Rouge, LA (July 23, 2008) –The Louisiana Housing Finance Agency has posted updated information regarding its services to its website. The Fact Sheets are available as downloadable .pdf files and give the basic requirements and limits of the agency's programs. Examples of these programs include: Down Payment Assistance, Teachers' Assistance, Energy Assistance, and Home Rehabilitation.

The updates are necessary as federal guidelines are adjusted. Income and purchase limits, as well as eligibility requirements, may change from year to year.

This year the LHFA is also offering these Fact Sheets in Spanish. "We want to make sure the people of Louisiana are aware of the programs available to them," said LHFA Public Information Director Jeff DeGraff. "And by offering this information in Spanish, we can reach out to another growing segment of our population in this state."

The Fact Sheets can be found on the LHFA website at:

*The Louisiana Housing Finance Agency (LHFA) was created by the Louisiana Legislature to address the shortage of safe and affordable housing in Louisiana. Since 1980, LHFA has administered federal and state funds through programs designed to advance the development of energy efficient and affordable housing for low and moderate income families. Post-Katrina, LHFA has been a viable resource in the development of rental housing and homeownership finance opportunities.*
